[(A) (2) remains unchanged]

### **ARTICLE X: OPTIONAL METHODS OF DEVELOPMENT**

#### *Division 9. Institutional Floating Zoning District*

##### **§ 1-19-10.900. INSTITUTIONAL FLOATING ZONING DISTRICT (I).**

(A) *Purpose and intent.*

(1) The Institutional District is a floating zone established to provide for the location and development of large-scale public and private institutional uses including public airports, college or universities, private schools, or ~~elementary or secondary~~ **PUBLIC** schools in areas with an agricultural/rural or institutional County Comprehensive Plan land use designation. Institutional uses fulfill the important function of providing for the educational, health, and social well-being of residents. However, large institutional facilities, because of their size, scale, and intensity, may create adverse impacts on surrounding properties and neighborhoods. These adverse impacts include noise, significant traffic volumes, and consumption of large areas of land for parking, infrastructure, and related facilities. Review and siting of these facilities through a floating zone process will maintain the purpose of the agricultural/rural areas identified by the County Comprehensive Plan by directing development to areas contiguous to concentrations of growth rather than where only services intended for rural and agricultural activities have been provided, will mitigate or minimize impacts to surrounding properties and mitigate or avoid traffic congestion which improves pedestrian and roadway safety.

[(B) through (E) remains unchanged]

(F) *Land use.* Land uses permitted within the Institutional Zoning District are limited to the following:

# PROPOSED ZONING TEXT AMENDMENT FOR FLOODPLAIN, COMMERCIAL & BUSINESS SCHOOLS, PUBLIC & PRIVATE SCHOOLS, AND BOARDING STABLES

- (1) Public airports
- (2) College or university
